Press Release
Ground Breaking
Guttenberg Community Center
Extension to Anna L. Klein School

May 4, 2015

On Wednesday May 6, 2015 at noon, The Town of Guttenberg and the Guttenberg Board of Education will break ground on a new Recreation/Community Center and Extension to the Anna L. Klein School. The ground breaking will take place at the corner of 68th Street and Hudson Avenue in Guttenberg.

For many years the Town of Guttenberg and the Guttenberg Board of Education have been working to find a way to address the need of the community from a recreation/ community center and a way to alleviate the overcrowding in the Anna L. Klein School. As a result of a unique inter-local agreement between the Town Council and the Board of Education, construction is about to begin on a new 45,000 square foot building to be constructed on vacant land adjacent to the Klein School. When completed, this facility will be used jointly by the municipality and the children attending the Klein School.

During the time that school is in session it will be used as classrooms. After school, during the summer and on the weekends the building will be used to address the recreational and cultural needs of all the residents from children to seniors.

The new facility will include a new Gymnasium with a stage for performances by the school children and for events for all residents. The facility will also include a rooftop park for use by all.

Federal, State, County and Local Officials who have been involved in the planning, design and funding of this project have been invited to participate in the ground breaking for this unique facility.

All residents of Guttenberg are invited to attend and this ceremony.

Gerald R. Drasheff
Mayor
